Dale Minnick (right) and Bill Carson (left) are co-owners of Coastal Reef Builders, Inc. Coastal Reef Builders, Inc. has been an authorized Reef Ball contractor since 1992 and has developed relationships with the permitting folks in Florida and Alabama so that you don't have to mess with getting your own permit. We focus solely on Reef Ball products, so you get the best price on the hottest technology in Artificial Reefs today. We have developed special deployment techniques that insure your Reef Balls are deployed in perfect condition and will last for hundreds of years plus we ensure that your reef's coordinates are private.

Unlike competitors, we have **NO MINIMUMS** -- no job is too large or too small for us. We are the first to offer Reef Balls in the Ultra size specially designed with a higher profile for the fisherman with pelagic fish in mind such as amberjack. (In fact, we helped Reef Ball develop them!) [Ultra Reef Ball Mold Pictured]

We also offer Reef Ball training at competitive rates (if you have Reef Ball mold stems) and are willing to travel. Ed Lowther is our trained staff construction specialist who can assist in your training needs.

Coastal Reef Builders, Inc. Price List Effective July 15, 1996

	Deployed Price	With Lo Pro Cap Add	Additional Units on Same Coordinates Subtract	Add Extra pH Neutralizer to Concrete (For Faster Growth) Add
Pallet Ball	\$200	\$45	\$25	\$5
Reef Ball	\$300	\$45	\$40	\$10
Ultra Reef Ball	\$350	\$45	\$40	\$10

- ✦ Free Reef Ball t-shirt with orders over \$1,000
- ✦ Free Reef Ball Model with orders over \$2,500
- ✦ Orders that are paid in advance are moved to the top of the deployment schedule. Otherwise, full payment is due two weeks prior to deployment.
- ✦ Any units broken during deployments will be replaced free of charge provided you report this damage to us within 30 days. (This is a rare occurrence)
- ✦ Distance charges may apply.

These prices do not apply to governmental projects unless project is sole sourced to Coastal Reef Builders, Inc.
