Subject: Lo-pro molds/Earthwatch Grant

Kathy,

I spoke to Todd today in regard to our upcoming order, through our grant funds. As of today I have sent your information to our accounting system, to have your company set up as a vendor for Pinellas County School Board. They will be sending information to your attention. Please return this form as soon as possible. Once your company is set up I will need a proposal for the purchase of the 4 lo-pro molds for our project. We are part of your grant program and have a price of \$610.00 for each mold.

You may fax over the proposal 727-547-7528 or email it to my attention.

I look forward to your correspondence.

Thanks

Michelle
